**Kruger Home Underway in Palouse, WA**

Rick and Roberta Kruger were high school sweethearts, graduating from John R. Rogers High School in Spokane a year apart. They were married in 1986, the same year Roberta was diagnosed with multiple sclerosis. In Rick's words, "it was nothing but a thing."

Rick went on to serve in the United States Army, stationed in Worms in what was then the Federal Republic of Germany. They enjoyed those years with a new language, culture and experiences. They also welcomed the first of their three children while they were there.

After his honorable discharge, the family moved to Sandpoint and then to Troy where Rick and Roberta have made their home since 1992. Rick has worked for contractors around the region, including Strom Electric and Synthetic Industries, and now works for the City of Moscow. Roberta raised their three children, Kevin, Matthew and Carissa.

In 1995 Roberta started to use a walker and then a wheelchair. They were glad to find a rental on Main St. in Troy where the landlord allowed them to add a ramp and make other modifications to accommodate her mobility needs. Although the family has made many happy memories there, the home is old and limited

in the ways it can be improved to meet Roberta's needs.

With the encouragement of their daughter, the Krugers applied and were selected for the Habitat home #19 in Palouse, WA. The Palouse HFH team is excited to be building with the Krugers. The weather has been as cooperative as we could have hoped. The foundation is in place, the I-joists to support the floor have been installed, and subflooring will go on this week.

You can help! Between 250-300 community volunteers help build each Habitat home. Some come on their own, others with their co-workers, family or friends. You don't need skills or tools, just a willingness to help a neighbor in need. Come once a year, once a month or once a week. Just a few hours makes a difference. Visit [palousehabitat.org/volunteer](http://palousehabitat.org/volunteer), email [volunteer@palousehabitat.org](mailto:volunteer@palousehabitat.org) or call 208-883-8502.

## New Faces at Habitat

### Welcome Board Member Nancy Tribble

I was raised in a small logging mill town on the Southern Oregon Coast. My dad owned a logging company and my mom was very involved in our community. Over the years I have owned and operated several business while keeping involved in the different communities I've lived in. Some of the civic & volunteer organizations I've been associated with: Rotary International, Lions Club, Junior Achievement, Special Olympics, City of Moscow Parks and Recreation Commission, HOPE Center, and several others over the years.

I'm married to Owen Tribble who retired from the USCG. We moved to Moscow in 2008 and I've been selling real estate for RE/MAX Connections since 2009

I have worked on several Habitat builds so I'm very excited to be a part of this wonderful organization

### Welcome Eric Olson, Assistant Surplus Sale Manager

Hello! My name is Eric Olson, and I am the new Assistant Manager for Palouse Habitat Surplus Sale. I also work part-time as a rural mail carrier and in my spare time I am working on settling my father's estate.

I am a Moscow native; I attended St. Mary's grade school and graduated from Moscow High School in 1984. After a stint in the US Army, I earned an Associates degree from North Idaho College, then a Bachelors and a Masters from the University of Idaho. I worked in healthcare for twenty years in patient access, serving as the front line for patient interaction with the hospital.

Growing up in this area, I spent many weekends camping, hunting and fishing with my family. I also helped my father remodel and build houses throughout the Palouse area. Our most recent project was finishing a cabin on 5.5 acres near Fernwood. I also enjoyed playing sports and following college and professional sports.

Stop by the Surplus Sale Tuesday through Thursday noon to welcome Eric to the team!
