## Home Build

Our homes in Moscow, Palouse, and Pullman are in the planning stages. Homeowner applications will open in January for the Pullman home.

## Ramps & Rails

Our Ramps & Rails program has completed 30 projects so far this year and receives requests for assistance weekly. If you know anyone in need, please have them apply through our website or call our office directly.

## Thank You Rico's

Our staff had a great time at Trivia! A huge thank you to everyone who came out to play trivia and support Palouse Habitat for Humanity this month! Rico's raised \$460 to help with the next Habitat home build! We're so grateful to Rico's Pub and to all of you for your amazing support. Until next time!

## ReStore Update

The ReStore volunteer crew participated in the Genesee Yard Sale and the Lentil Festival, selling items and promoting the Habitat for Humanity mission. Watch for the ReStore truck and volunteers at more community events as we find ways to better serve our community. We'll be at the Palouse Days Parade and the University of Idaho Homecoming Parade!

## Donate Your Vehicle To Help Build Habitat Homes

Thanks to local supporter Louise Regelin, Palouse Habitat now has a vehicle to help our construction crew travel around the Palouse, building and repairing homes! Louise shared, "I prefer supporting local organizations that make a real difference in the community." She noted the process was easy, "I just filled out one form at the DMV, and Habitat handled the rest." She emphasized her trust in our use of the car, believing it would help the organization operate more efficiently. "If a 2007 Ford Focus can help Habitat continue its good work, that's what I want," she concluded. We are incredibly grateful for Louise's support.

You can donate your car, motorcycle, truck, boat, or RV (running or not) through Cars for Homes, the Habitat for Humanity International vehicle donation program. Donating is quick and easy. Thank you for donating!
